Parental Consent for Minors as Research Participants	
Invitation to Participate	Dear Parent, My name is Mary Grace A. Regala, together with Ryza Mae L. Alicaway, Dan Uziel B. Aquino, and Philip Ceasar G. Hermosa, and we are third-year Bachelor of Science in Information Technology (BSIT) students at the Polytechnic University of the Philippines – Biñan Campus. We are conducting a research study titled "EduScribe: An AI-Assisted Web-Based Lesson Planning and Learning Resource Management for Dela Paz National High School" that aims to develop and evaluate a web-based platform designed to assist teachers in lesson planning, learning resource management, and other academic-related tasks. The purpose of this form is to provide you with information that will help you decide whether or not you will allow your child to participate in this research study.
Purpose of the Study	This research study aims to evaluate the quality, effectiveness, and user acceptance of the EduScribe Portal. The system was developed to assist teachers in preparing lesson plans, generating learning materials, and managing educational resources through a centralized web-based platform. The information gathered from this study will be used solely for academic purposes as part of the researchers' undergraduate thesis. The researchers declare that there are no personal, financial, or institutional conflicts of interest related to this study.
Procedures of the Study	If you allow your child to participate in this study, he/she will be asked to attend a brief system demonstration, interact with selected features of the EduScribe Portal, and answer a survey questionnaire regarding his/her experience with the system. The entire activity will take approximately twenty (20) to thirty (30) minutes and will be conducted within the school premises under the supervision of the researchers and authorized school personnel.

Benefits	Your child's participation in this study may contribute to the improvement of educational technology tools that support teaching and learning processes. The findings of this study may also help educators and school administrators better understand the usefulness and effectiveness of the EduScribe system.
Risks	This study involves minimal risk. Your child will only be asked to participate in a system demonstration, interact with the EduScribe Portal, and answer a survey questionnaire. No physical, psychological, social, or financial harm is expected from participation in this study,
Cost of Participation	There are no costs or fees required from you or your child for participation in this research study.
Payment or Remuneration	No monetary compensation will be provided for participating in this study.
Confidentiality	All information collected from your child will be treated with strict confidentiality and will be handled in accordance with the Data Privacy Act of 2012 (Republic Act No. 10173). The data gathered will be used solely for academic and research purposes. The identity of your child will not be disclosed in any report, publication, or presentation arising from this study. All responses will be summarized and presented in aggregate form only.
Voluntary Participation	Participation in this study is entirely voluntary. You may decide not to allow your child to participate, and your child may withdraw from the study at any time without penalty or negative consequences.
